Re: Pole Petition #18441465 (South Main Street, across from Hinckley St Ext.)

Ned:

I have reviewed DPW records and visited the site to view the proposed pole location. The proposed location as depicted in the application and identified by a stake is unacceptable due to its proximity to a Drainage system located there. I have prepared a sketch (attached) showing two alternative locations that would be acceptable based on setback requirements from the drainage system (10 feet from the Drain Manhole (DMH) and 5' from the drain pipe).

Based on this information, I believe that the request may be approved with conditions of the above set-back refrom the drainage system requirements stated above and shown on the attached sketch.

MEMORANDUM

DATE: April 10, 2015
TO: City Council
FROM: Mayor David J. Narkewicz
RE: Revised order for FY2016 Water and Sewer rates

I am attaching a revised order reversing my original recommendation that the City Council adopt increases to water and sewer rates for Fiscal Year 2016 beginning July 1, 2015. The revised order proposes no increase in water and sewer rates and recommends maintaining the current FY15 rate of \$5.58 for water and \$6.08 for sewer in FY16.

On April 9, 2015, I appeared before the City Council Committee on Public Works to present my original recommendation and offer information and testimony from the DPW outlining the projected operational and capital needs of our water and sewer departments. At that hearing, I fielded dozens of questions from city residents concerned about the proposed rate increases and heard first-hand about the financial pressures facing many in our community, particularly senior citizens. There were also many good ideas presented, including exploring the possibility of implementing tiered rates for water and sewer or a discount for senior citizens and veterans. While I did my best to address every question and idea, there are many more that deserve and require further research and study in the coming months.

Fiscal year 2016 is significant in that it will mark the first time since 1921 that water and sewer rates will be set by the Mayor and City Council in accordance with my Administrative Order adopted late last year. My goal in transferring this important decision-making authority to our city's elected leadership was to ensure maximum fiscal transparency and accountability for residents. I stand behind that decision and yesterday's City Council hearing only affirms for me that it was the correct one.

Because this change occurred mid-year, our first Mayor/City Council rate-setting process has been significantly truncated. I am required under our Charter to submit a proposed city budget in a little over 30 days and can't complete that budget without approved FY16 water and sewer rates. While we have worked diligently to meet all statutory deadlines, the questions and ideas raised at yesterday's public meeting illustrate that we have much more work to do to ensure full transparency and accountability.

I do not recommend this rate freeze lightly. Our Department of Public Works, with full fiscal support from the Mayor and City Council, have very responsibly initiated comprehensive asset management plans for our city's aging water and sewer infrastructure. These plans provide a long-range road map for critical repairs and upgrades to our city's water and sewer infrastructure over the next 5-10 years.

While delaying proposed rate increases will require the DPW to push off certain projects and readjust bonding schedules by a year, it will also provide valuable time for them to fully present and explain their nearly finalized asset management plans to residents and rate-payers. This additional time will also allow my financial team to fully explore all possible rate options, including discount programs for residents struggling financially. Finally, and most significantly, it will allow this Mayor and City Council to more fully develop an agreed-upon process for setting water and sewer rates that ensures maximum transparency, accountability, and public input.

I respectfully request the City Council's approval of this revised order.

Northampton City Council
Minutes of the Organizational Meeting
of Jan. 5, 2016
5:30 pm held in City Council Chambers
212 Main Street, Northampton

The meeting was presided over by
former City Council President William H. Dwight.

1. Swearing in of the Administrative Assistant to the city Council:

Councilor LaBarge moved to open the nominations and move the appointment of Pamela L. Powers as the City Council Administrative Assistant; Councilor Adams seconded the motion. The motion was approved on a voice vote of 9 Yes, 0 No.

Councilor Carney moved to close the nominations; Councilor Sciarra seconded the motion; the motion was approved on a voice vote of 9 Yes, 0 No.

Justice of the Peace and Ward Five City Councilor David A. Murphy swore in the Administrative Clerk. Councilor Dwight noted that the action of swearing in a new clerk every two years was done as required as required by the former city council rules. The newly proposed rules, if appointed, will not require the AA to be sworn except when the position is open and a new clerk is hired.

2. On a roll call, the following councilors were present:

Jesse M. Adams, At-Large City Councilor
Dennis P. Bidwell, Ward Two Councilor
Maureen T. Carney, Ward One Councilor
William H. Dwight, At-Large City Councilor
Alisa F. Klein, Ward Seven City Councilor
Marianne L. LaBarge, Ward Six City Councilor
David A. Murphy, Ward Five City Councilor
Ryan R. O'Donnell, Ward Three City Councilor
Gina-Louise Sciarra, Ward Four City Councilor

3. Open Meeting Law Refresher Training

The purpose of the Open Meeting Law is to let the public know that deliberations are being done on city matters. The laws require that the public be informed what is being done, why it is being done, and how it is being done. All meetings where city matters will be deliberated must be open to the public. There needs to be adequate notice that is detailed enough to let the public know what will be discussed.

A meeting is a deliberation by a public body that is within the jurisdiction of that body. A meeting could include e-mail. The number one way that a violation occurs is by the body's use of e-mail. Any time a quorum discusses an item outside of a posted meeting, they have

likely violated the open meeting law. Serial communication of a quorum is also permitted. Best practice is to keep all communications public. There are some exceptions, including on-site inspections.

Members of the parent body can attend meetings of its sub body. They can also participate in any discussion in a manner that is afforded to any other member of the community. Councilors don't lose first amendment rights; they lose the right to deliberate with other members of the body if the meeting is not posted in accordance with the requirements of Open Meeting Laws.

There are opportunities to meet in private; ten reasons are allowed by law. Those ten reasons allow a body to meet in Executive Session.

Regarding e-mail, any document made or received is considered a public record. Councilor's notes for their own use are not public records. Texts are public records. The recommendation is that Councilors keep a separate public email account for city business. A private e-mail account does not turn a public document into a private record.

Councilor Murphy clarified that communications to set a meeting date can be discussed with all members.

Regarding Conflict of Interest Law, if there are any questions of whether an action will be considered right or wrong, Councilors should request the opinion of the city Solicitor and/or the State Ethics Commission. Councilors cannot accept anything of substantial value (\$50 or more). Councilors should abstain from any vote in which they and/or their families have an interest.

Councilors should refrain from "asking" for money, regardless of the reason. A public official cannot ask for money. This includes if you are a board member of a local non-profit, you cannot seek funds from members of the public. General "asking" is allowed via a website, PSA, etc.

4. Election of a City Council President for 2016 – 2017

Motion to open the nominations for City Council President made by Councilor LaBarge who nominated former President Dwight; Councilor Sciarra seconded the motion.

Councilor Carney moved to close the nominations; Councilor LaBarge seconded the motion. The motion to close the nominations was approved on a voice vote of 9 Yes, 0 No.

The motion to approve Councilor Dwight as the City Council President was approved on a roll call vote of 9 Yes, 0 No.

Councilor Sciarra moved to close the nominations; Councilor Bidwell seconded the motion. The motion to close the nominations was approved on a voice vote of 9 Yes, 0 No.

The motion to approve Councilor O'Donnell as the City Council Vice-President was approved on a roll call vote of 9 Yes, 0 No.

6. Appointment of an Enrollment committee for 2016 – 2017

Councilor Dwight appointed Councilor Adams and Councilor Klein to the Enrollment Committee.

7. Order to Adopt City Council Rules for 2016 – 2017

Councilor O'Donnell moved to adopt the City Council Rules for 2016-2017; Councilor Sciarra seconded the motion. The motion was approved on a roll call vote of 9 Yes, 0 No.

8. Order to Set Date and Time of City Council Meetings for 2016 – 2017

Councilor LaBarge moved to approve the City Council Meeting Schedule for 2016 - 2017; Councilor Klein seconded the motion. The motion was approved on a voice vote of 9 Yes, 0 No.

Councilor Murphy moved to amend the schedule by changing the dates of July and August for both 2016 and 2017. Councilor LaBarge seconded the motion. The motion was approved on a voice vote of 9 Yes, 0 No. The following changes were made as a result of the vote: delete the meetings for the first and third Thursday of July 2016 - 2017; add July 14, 2016, July 13, 2017, delete August 4, 2016 and August 3, 2017 from the schedule.

9. Administrative Items

Councilors were given Committee Preference Sheet and asked to return them to Councilor Dwight or to the Administrative Assistant as soon as possible.

Proclamations, Resolutions, Recognitions, and One-Minute Announcements of Events

15,544 Resolution Calling for the Welcoming of Refugees in the City of Northampton - 2nd Reading

Councilor Adams questioned the sponsorship of the resolution. The version that was attached to the agenda did not reflect the sponsors that were added at the Dec. 3, 2015 City Council Meeting.

Councilor Sciarra moved to amend the sponsorship of the resolution to add Councilor Maureen T. Carney and the Mayor's Youth Commission; Councilor Adams seconded the motion. The motion was approved on a voice vote of 9 Yes, 0 No.

Councilor Klein moved to approve the resolution in second reading; Councilor LaBarge seconded the motion. The motion was approved on a voice vote of 8 Yes, 0 No, 1 Abstention (Councilor Murphy).

Councilor Dwight indicated that he has received both positive and negative feedback about the resolution; regarding those who have expressed a concern about addressing the needs of "our own" first, Councilor Dwight indicated that the programs are not mutually exclusive and he pointed out that we can be a community that addresses local needs of the homeless while still supporting refugees.

Councilor Klein shared that she has received phone calls from residents who were concerned about the impact that accepting refugees may have on the city's economy. Councilor Klein shared information about studies that have been done showing that where refugees have been accepted, those communities have not been hit hard economically. Locally there are two agencies that have a history of settling refugees. When refugees settle

into an area, there is federal money available to support the relocation.

The following resolution was approved in second reading:

Resolution on Domestic Violence

WHEREAS, the United Nations, world leaders, and leaders within the United States have all recognized domestic violence as a human rights issue; and

WHEREAS, the City of Northampton seeks to enhance the public welfare of its residents by declaring that freedom from domestic violence is a fundamental human right; and

WHEREAS, it is estimated that each year up to 9 million individuals in the United States are victims of intimate partner violence, that is: according to the U.S. Centers for Disease Control and Prevention more than one in three women and more than one in four men in the United States will experience rape, physical violence, and/or stalking by an intimate partner at some point in their lives; and

WHEREAS, domestic violence affects adults and children of all backgrounds and ages, but women experience more domestic violence than men and are significantly more likely than men to be injured during an assault by an intimate partner;

WHEREAS, only approximately one-quarter of all physical assaults, one-fifth of all rapes, and one-half of all stalking incidents perpetrated against women by intimate partners are reported to the police; and

WHEREAS, 15.5 million children in the United States live in families in which domestic violence was perpetrated at least once in the past year, and are adversely affected by violence in the home, whether they are physically or verbally abused themselves or are exposed to the violence as witnesses; and

WHEREAS, victims and survivors of domestic and family violence experience physical injuries, long-term psychological damage, financial instability, difficulty finding safe housing and other challenges, some of which directly or indirectly relate to services provided by the City; and

WHEREAS, domestic violence is cited as a significant factor in homelessness among families; and

WHEREAS, the economic burden of domestic violence in the United States is over \$8 billion per year in direct medical costs and loss of productivity; and

WHEREAS, Safe Passage (formerly called Necessities/Necessidades) in Northampton has worked to prevent, respond to, and end domestic violence, and served survivors of domestic violence and their children, friends, and families in Hampshire County since 1977, and in 2014 alone, served over 1,400 individuals from Hampshire County; and

WHEREAS, Safe Passage operates a crisis hotline serving victims and survivors of domestic violence 24 hours a day, 365 days a year, to offer crisis intervention, support, information, and referrals, as well as provides ongoing trauma-informed counseling and advocacy and a safe residence for survivors of domestic violence and their families; and

WHEREAS, the Northampton Police Department, Hampshire Sheriff's Office, Northwest District Attorney's Office, Northampton Health Department and other City government offices, as well as social service agencies and non-profit groups have worked with Safe Passage to implement a coordinated system for the prevention of and response to acts of domestic and family violence in the City; and

WHEREAS, these aforementioned entities and other local government entities incur significant monetary costs due to domestic and family violence; and

WHEREAS, Safe Passage estimates that more than 15,000 women in Hampshire County have experienced intimate partner violence in their lifetime; and

WHEREAS, community members who are informed and skilled in recognizing domestic violence and supporting survivors, along with local medical personnel, the police and sheriff's departments, courts, social services agencies, and other government entities constitute the first line of defense against domestic violence; and

WHEREAS, in 2012, the Northampton Police Department responded to 509 domestic violence calls; and

WHEREAS, the Northampton City Council wishes to raise awareness and educate the residents of Northampton about the grave implications and consequences of domestic violence on individuals and families because public awareness has the potential to increase the identification and reporting of abuse by the public, professionals, and victims themselves, and can act as a catalyst for prevention;

NOW THEREFORE BE IT RESOLVED, that the City Council of Northampton, Massachusetts

1. Joins the United Nations and leaders throughout the world and within the United States in recognition of domestic violence as a human rights concern and declares that the freedom from domestic and family violence is a fundamental human right; and

Presentations

Presentation made by Students of Smith Campus School:

The 6th grade students at the Campus School have been inspired by what they've learned in 5th and 6th grade about Columbus and the history of indigenous people to put together both a letter to the editor of the Daily Hampshire Gazette and a proposal for the City Council.

The students feel that Christopher Columbus was mean and cruel to the Natives and only wanted fame and fortune. They also stated that Columbus was not the first to discover America and that when he arrived he did not seem to care about the natives.

The students feel that Columbus Day should be changed to Indigenous People's Day because they were here before Columbus arrived. They were also nice to Columbus; today, the original inhabitant descendants are still mistreated.

15.382 Order regarding earned sick time--Action Pending Recommendation from Finance Committee and Committee on Rules, Orders, Appointments and Ordinances

Councilor Murphy pointed out that this order has been around for a while; neither the Finance Committee nor the Comm. on Rules, Orders, Appointments and Ordinances has acted upon

the order since it was introduced.

Orders and Ordinances

Orders

15.541 Order to Revise City Council Rules

Councilor Murphy shared the discussion that took place during the Comm. On Rules, Orders, Appointments and Ordinances meeting in which the committee reviewed the concerns about the long term projected makeup of certain committees. In the end the committee decided to move forward with the committees as proposed in the new rules and work out any concerns or issues in the next council session.

Councilor Adams had requested that the Public Works committee be combined with the Public Safety Committee in the new session; he indicated that moving forward, if the new PW committee could function as the former Public Works Commission did, he would agree to let the committees move forward as proposed.

Councilor Carney expressed a concern about merging Public Safety with Public Works.

Councilor Dwight indicated that perhaps it might be wise to only have no more than three sponsors for any resolution or order to avoid open meeting law; Councilor Carney asked if a committee if four councilors would then be prevented from introducing matters; Councilor O'Donnell asked also how this would affect adding sponsorship on the council floor. Councilor Dwight indicated that he does recall that there have been times when all councilors were added to the resolution and he would not be in favor of preventing this from happening in the future. As a result, Councilor Dwight withdrew his proposed amendment.

Councilor Sciarra thanked Councilor O'Donnell for the tremendous amount of time and work that went into drafting the new rules. Ordinances

15.377 Zoning for Significant Trees

This ordinance has been in development for a while; Councilors O'Donnell and Adams were looking at ways to protect the city's trees canopy.

Councilor Adams pointed out that there is support for this ordinance from the public shade tree commission; this commission is also looking to review all existing ordinances affecting public shade trees and will be putting forward additional ordinances aimed at protecting the public shade trees in Northampton.

In response to a question posed by Councilor Klein, Councilor Adams noted that currently a developer could take down trees without replacing them. This approach could have a long term negative impact on the city's tree canopy.

A question was raised about public hearings regarding this ordinance; both the Planning Board and the Comm. On Rules, Orders, Appointments and Ordinances held public hearings concerning this ordinance.

Councilor LaBarge noted that she has received complaints from two residents who have concerns about the ordinance. Speaking about the residents, Councilor LaBarge stated that the ordinance gives "big brothers" more control about what happens on private property.

Councilor Klein stated that some of the requirements of the ordinance are already in place. She feels that the ordinance is lacking coordination regarding communication between the Planning Board, DPW, and Public Shade Tree Commission.

Councilor Spector moved to carry over the Ordinance to the next council session; Councilor LaBarge seconded the motion. The motion was approved on a voice vote of 9 Yes, 0 No.

Re: Community Preservation Committee Recommendations for Funding

Chairman Dwight and City Councilors,

In October, 2015 the Community Preservation Committee (CPC) began reviewing eight project proposals submitted for CPA funding. After extensive review including applicant presentations, public comment sessions and committee deliberation the CPC voted to recommend seven funding requests totaling \$454,310.

At its November 18, 2015 meeting, the Community Preservation Committee voted to recommend \$293,000 for five open space and recreation projects, and \$161,310 for two historic preservation projects. Collectively, these projects will leverage \$175,000 from other funding sources, including state and federal grants, private contributions, and volunteers.

The complete CPA applications that include detailed information about each project recommended, meeting minutes, and other project materials can be accessed on the CPC's webpage: www.northamptonma.gov/1048/Community-Preservation-Committee.

Please do not hesitate to contact myself, or Preservation Planner Sarah LaValley with any questions about the projects, the Committee's recommendations, or if additional information is needed.

Projects Recommended for Funding:

Connecticut River Greenway Park, Northampton Youth and Community Rowing \$5,000

This project will fund an entrance gate and signage for the new Connecticut River Greenway Park. Construction at the Park is nearing completion, and the new gate and entrance signage will increase public awareness of this new riverfront resource and allow users easier access.

Rocky Hill Connector Open Space Acquisition, Northampton Conservation Commission and Northampton Office of Planning and Sustainability \$55,000

CPA funds will be used to help protect a 17-acre on Route 10. Located near Arcadia Wildlife Sanctuary and adjacent to the Rocky Hill Greenway, the project will protect unique geological

features and wildlife habitats. The acquisition was approved by Council in July 2015, and is the local match for a \$97,200 Local Acquisitions for Natural Diversity state grant.

Pulaski Park Renovation, Department of Public Works, \$200,000

CPA funds will be used to continue work to renovate Pulaski Park. This round of funding will be used to continue work to bury overhead electric, telephone, cable and fiber optic utilities that was required as part of the Parkland Acquisitions and Renovations for Communities Grant

Seth Thomas Clock Restoration, Northampton Office of Planning and Sustainability \$30,000

CPA funds will be used to completely restore the historic Seth Thomas Clock that was formerly located on the corner of Main Street and Strong Avenue. Dedicated by Calvin Coolidge, the clock was a downtown fixture for one hundred years. CPA funds were previously awarded for purchase and storage of the clock; when restored, it will be placed at the entrance to the newly-renovated Pulaski Park.

Fitzgerald Lake Boardwalk and Dock, Broad Brook Coalition, \$30,000

CPA Funds will be used to replace the bridge, boardwalk and dock that provide access to Fitzgerald Lake from the main parking area on North Farms Road. In addition to volunteer work from Broad Brook Coalition, the City's management partner for the Broad Brook Greenway, the project will also match a \$50,000 federal Recreational Trails Grant.

Historic Northampton Infrastructure Renovations, Historic Northampton: \$131,310

CPA funds will be used to continue priority rehabilitation work to allow the museum to secure its collections and buildings. This award will allow important electrical work, and roof and window replacement at the Damon and Shepherd Houses.

Mineral Hills Habitat Project, Northampton Office of Planning and Sustainability, \$3,000

CPA funds will be used to remove invasive species and create habitat for endangered turtles at a ten-acre section of the Mineral Hills. Acquired by the City in 2012, this area is a former pasture, and undertaking this work to maintain the historic open field was identified as a priority in Laurie Sanders' 'Rediscovering Northampton 2015'

In City Council January 21, 2016

Upon recommendation of the Mayor

Ordered, that

The following resolution be adopted by City Council:

Resolved: Having convened in an open meeting on January 21, 2016, prior to the closing date, the Northampton City Council of the City of Northampton, in accordance with its charter, by-laws, and ordinances, has voted to authorize the Superintendent to submit to the Massachusetts School Building Authority the Statement of Interest Form dated February 12, 2016 for the Leeds Elementary School located at 20 Florence Street, Florence, MA which describes and explains the following deficiencies and the priority category(s) for which an application may be submitted to the Massachusetts School Building Authority in the future.

Priority Category 5- Replacement, Renovation or Modernization of School Facility Systems-

The current EPDM and ballasted roofing systems have been in place since the school was renovated and expanded in 1991. At this point there is an immediate need to replace approximately 12,000 sf of rubber membrane and ballasted roofing with new EPDM roofing and flashing. Also, there is approximately 5,000 sf of standing metal seam roofing that is deteriorated and which needs to be rebuilt.

The current roof system exhibits deterioration of the rubber membrane and ballasted roofs, metal roof trim and roof flashing. Rubber seams are split and lifting in places, and temporary repairs have been made over time. There are some places where the membrane fabric is beginning to show through. Also, there is deterioration of the seams of the gymnasium standing seam metal roof system, and there are water seepage issues related to the metal roof and masonry walls of the gymnasium.

An independent roofing contractor examined the roof and conducted a full analysis in the early Fall of 2013. The roofing contractor took core samples to examine insulation levels and looked to see if insulation has been compromised by any leaks. The contractor's report provided short

and long-term recommendations for addressing the roof system. It's important to note that while the rubber roof system needs to be replaced, its deterioration hasn't reached the point where the rigid insulation has been compromised to the point where the material will need to be replaced.

And hereby further specifically acknowledges that by submitting this Statement of Interest Form, the Massachusetts School Building Authority in no way guarantees the acceptance or the approval of an application, the awarding of a grant or any other funding commitment from the Massachusetts School Building Authority, or commits the City of Northampton to filing an application with the Massachusetts School Building Authority.

City of Northampton
MASSACHUSETTS

In City Council, January 21, 2016

Upon the recommendation of the Office of Planning and Sustainability and the Department of Public Works

Ordered, that

WHEREAS, Green Infrastructure keeps rain close to where it falls, using structures to improve on-site infiltration, such as rain gardens, green roofs and permeable pavements, to promote cleaner, slower, and smaller storm flows to nearby rivers and streams;

WHEREAS, Green Streets are a subset of Green Infrastructure in which the street handles significant amounts of stormwater on site through use of vegetated and/or soil-infiltration facilities. Green Streets can include landscaped street-side planters or swales or tree box filters or porous pavement that capture stormwater runoff and allow it to soak into the ground as soil and vegetation filter pollutants.

WHEREAS, The city's Green Streets and Infrastructure policy demonstrates the City's commitment to building comparable infrastructure required for private developments and complements the City's complete streets ordinance. The City recognizes:

1. Stormwater runoff from streets, roads, parking lots, and other impervious urban surfaces is a significant source of water pollution to our rivers, streams and water bodies
2. Green Streets can provide cost-effective infrastructure solutions to reduce and manage stormwater runoff and flooding from more intense storm and flooding events and can reduce localized flooding from surcharging, providing some adaptation to climate change.
3. Green Streets can improve water quality by filtering stormwater, removing contaminants, including total suspended solids (TSS), organic pollutants /oils, and heavy metals, and cooling the stormwater before it encounters groundwater or surface water bodies, which benefits watershed health.
4. Green Streets foster unique and attractive streetscapes that protect and enhance neighborhood livability, integrate the built and natural environments, enhance the pedestrian environment, and introduce park-like elements into neighborhoods.
5. Green Streets encourage the planting of landscapes and trees which contribute environmental benefits such as reduced summer air temperatures, reductions in global warming through carbon sequestration and air pollution screening.

6. Green infrastructure can reduce the long-term costs of gray infrastructure maintenance, and complement gray infrastructure with hybrid systems of gray, piped infrastructure combined with green, vegetated infrastructure.
7. U.S. Environmental Protection Agency Municipal Separate Storm Sewer System (MS4) stormwater permits will require that the city control the amount and quality of stormwater discharged from the MS4s to rivers, streams, lakes, ponds, and wetlands.
8. Recharge of groundwater sources is a key mitigation activity under the soon to be amended Massachusetts Water Management Act regulations 310 CMR 36.00.

NOW, THEREFORE BE IT ORDERED,

The City of Northampton policy is to promote the use of green street facilities and green infrastructure in public and private development through regulation, capital investment, and management mechanisms as a cost-effective and sustainable practice for stormwater management in current and future projects when technically and economically feasible. This includes road development and reconstruction, bicycle and pedestrian projects, stormwater projects, and other development and redevelopment. It is city policy to:

1. Incorporate and maintain green street facilities and green infrastructure into all City-funded development, redevelopment, and enhancement projects, to the extent technically and economically feasible, and utilizing the best technology available at the time to meet water quality goals with the lowest lifecycle costs; and
2. Ensure that regulations require and incentivize all development to incorporate some green streets and green infrastructure features; and
3. Ensure coordination and communication between City departments, in particular Public Works and Planning and Sustainability, to ensure implementation of this policy, as well as fully addressing competing priorities.
