We are behind the scenes working committee. This year will definitely be a challenge for the City Clerks office, but with the correct staff, volunteers and board members...we shall shine!

What skills and experience will you bring to this committee assignment?

As Assistant Director of Development at Safe Passage, which operates an emergency shelter for families fleeing from domestic violence, I am regularly reminded of our community's housing needs—specifically of the gap between emergency shelter and sustainable long-term housing. For two years, I participated as our agency's representative to the Shelter Sunday committee, and my knowledge of issues surrounding housing, housing insecurity, and homelessness deepened through my collaboration with staff and board members from Grove Street, Grace House, the Single Room Occupancy Project, MANNA, and the Interfaith Community Shelter. Most recently, I had the privilege of serving on the Community Development Block Grant review committee, and this opportunity awarded me a unique perspective on the programs serving low- to moderate-income members of our community. It is with this background, as well as with my experience working as a case manager for at-risk youth from western Massachusetts and northern Connecticut, and as a student participating in outreach with Latinx and Chinese immigrant centers in Montreal, that I seek this assignment to the Northampton Housing Partnership. I am well-versed in program evaluation and outcome measurement tools, have both written and reviewed grant applications, and have been involved in several strategic planning processes. All of these skills have prepared me to participate as an active member on the Housing Partnership. It would be an honor to work as part of this team tasked with thinking critically about housing needs in our city. As a resident (specifically as a tenant) of Northampton, the cause holds personal as well as professional significance for me. Thank you for your consideration.

Re: Six Year Contract Approval

I am requesting approval under MGL chapter 30B, section 12, to enter into purchases for instructional materials for a period of up to six years. Joe Cook has notified us that we can not exceed three years without a City Council order.

We currently have a purchase pending for textbooks for a high school math program. Along with purchasing the textbooks, we would like to purchase a six year license for digital copies of the textbooks, which would allow students to access the textbook online from home, reducing our need to send textbooks home with the students.

Purchasing the textbooks with a one year license for the digital copies would cost us \$9,053 plus shipping/handling. To purchase the same books with a six year license would cost us \$9,478 plus shipping/handling. For \$425 more this year, we would get an additional five years of the digital license. If we buy one year at a time, it would cost us \$44,840 more over the six years (more if the prices were to go up in subsequent years).

As more instructional materials move to online, we would anticipate this coming up in future purchases. Hence my request that I be authorized to do such contracts for any instructional materials.

Please let me know if any additional information is needed.
