~Spread the Word~

We are very excited to be hosting Dr. Jayne Singer at our Roundtable this spring for a conversation about Western Massachusetts and Early Childhood Mental Health!
May 21st, 2019 12-2 DCF Conference Room Greenfield, MA

Alongside of being president of Massachusetts Association of Infant Mental Health Birth to Six, Dr. Singer is a clinical psychologist and Clinical Director of the Child and Parent Program at Boston Children's Hospital, where she has been key to launching such divergent services as an early detection of Autism program, as well as the Cardiac Neurodevelopmental Program. Dr. Singer is also an Assistant Professor of Pediatrics and Psychiatry at Harvard Medical School.

Dr Singer is engaged in continuous national and international lecturing and intensive mentoring as an International Trainer of the Brazelton Touchpoints Approach to development and parent-provider partnerships, and the Newborn Behavioral Observations system; representing the Brazelton Touchpoints Center and the Brazelton Institute. At BTC, she spearheaded the Early Care and Education Initiative as an adaptation of the Touchpoints Approach for specific application for use by early childhood educators, which has developed into BTC's Tribal Touchpoints Initiative as well as the Federal Office of Head Start National Center of Parent, Family, and Community Engagement. She has also developed adaptations of the Touchpoints Approach for families living with children with Special Needs.

With grant-funded support from MSPCC, MassAIMH has just brought to Massachusetts "a nationally-established four-category Infant and Early Childhood Mental Health professional Endorsement credentialing process in service of supporting a robust, diverse, well-trained, and interdisciplinary workforce dedicated to striving for social justice; including early education and care providers, behavioral health clinicians, pediatric clinicians, and family support and peer professionals central to ensuring that all children in the Commonwealth have equitable access to IECMH supports and services."

I look forward to seeing you all there ,
Warmly,
Sarah Patton LICSW
