

Public Transportation Committee

Minutes

1/9/13

Present: Jamin Carroll and Tom Narrigan of VATCO, Laura Hanson of DPW, and Leslie Stein

Public Comment: Owen Mohan of Jackson Street joined the committee meeting again to report that he had found the contact information of the house at 256 Jackson Street, the proposed site for a bus stop sign. Jamin Carroll will attempt to contact owners. Leslie Stein will check into any tenant associations for Hathaway Farms and Hampshire Heights.

Minutes of 12/12/12 were approved.

Progress on signage: Jamin Carroll noted that bus stop sign installation has been stalled by winter. As this item is our primary focus at this time, the committee agreed to skip the February meeting and reconvene again March. Jamin will prepare a proposed second list of bus stop signs to be posted.

New Business: Laura Hanson shared an updated list of snow removal sites in the city. Tom Narrigan reported that PVRTA hopes to purchase articulated buses that could be used to manage the overcrowding on Route 43.
