

# BIG TOYS 2-5 YEAR PLAYGROUND EQUIPMENT

## EC-635 EarlyWorks PlayShell Climber - Expanded

These popular climbers encourage rigorous activity, both mentally and physically. Climbing and balancing skills will increase along with hand grip strength. The shapes and surfaces of the PlayShells present an open stage for creative play, and the flexible structure sizes offer play site planners a wide variety of choices to offer younger children.

## MEC-690-10 EarlyWorks Villa

Standard Color Choice

Exciting play waits around every turn for children exploring the Villa. Climbers can get their kicks on the Boarding Net and Rock Climb, while thrill-seekers zip down the Double Slide and corkscrew down the Curly Climber. Children wanting quiet shelter can sit on a bench under the Playhouse Roof and when playmates call, they can join them by walking over the Wobbly Walk.

## Organic Forms PRIDE ROCK

Pride Rock is an excellent climber for younger kids. Every detail has been carefully sculpted to match the developmental needs of the two to five year old. At the bottom, there is a small "hide-hole" just big enough to create a sense of enclosure without impairing supervision. The overhand is just large enough to allow the youngster to have the sense of being "under" a roof. The small "tea cup handle" at the back encourages peek-a-boo play. The upper surface gently slopes so that kids must be fully aware of their balance and position when they are "on top".

- Structure Size: 3'-0" x 6'-0"
- Weight: 2000 lbs.
- Concrete Material: 5000 psi mix, ASTM C94
- Reinforced Steel: #3 and rebar, ASTM A615M, Grade 60
- Sealant: Two coats of anti-graffiti sealer
- Color Options: Sandstone or Natural Concrete

*This is a ground level climbing activity.*

## MEC-730 EarlyWorks Casita

Standard Color Choice shown. Other color options available.

The Casita fulfills the needs of the preschool child nicely. The Double Slide, and Climbing Net Bar create both fun and physical challenge, while the Xylophone provides a full octave of fun in the key of "C".
