Downtown Bridges Lighting Conversation

Wednesday June 23, 2021

Virtual meeting Wednesday June 23rd at 5:30 PM

Join Zoom Meeting : <https://umass-amherst.zoom.us/j/94043321353>

OR +1 646 876 9923 (ID: 940 4332 1353)

The City of Northampton, through its Office of Planning and Sustainability, has engaged Thomas Douglas Architects to design lighting under the Main Street/Bridge Street rail trail and railroad bridges to improve visibility, make the area more attractive, and help better knit downtown together. We would like the area under the railroad tracks to be a destination and not a barrier.

We are trying to move very quickly on this project because we know we have an excellent chance of getting a grant to fund this work, but only if we can do the design very quickly.

You are invited to join us on our kickoff conversation, and to invite anyone else you know who might be interested.
