What skills and experience will you bring to this committee assignment? I am a former municipal treasurer/tax collector who served during a charter review and have observed how such a process can add valuable insight on municipal operations and in particular, how effectively a city addresses and responds to the concerns of its citizens. Even very well run cities, such as Northampton can benefit from the deliberation of a properly comprised charter review committee. I am a new resident having moved to Florence on September 15, 2017. Before moving, I served on several boards and commissions including the Affordable Housing Trust Fund and the Economic Development Board. I have considerable experience conducting public meetings and soliciting public input. I believe I would bring an objective, unbiased perspective to the committee and am available to discuss my candidacy for the Charter Review Committee at any time.

What skills and experience will you bring to this committee assignment?	I have a deep commitment to and love for Northampton. While I've not been involved in a committee like this before, I am dedicated to bettering this wonderful city and will do my due diligence at reviewing the charter. I've familiarized myself with parts of the charter and would be humbled and honored to be able to learn more about it and learn from our history and from other cities and towns. I work well on my own to do my own research and work well collaborating on a team, listening to others, making thoughtful suggestions, and speaking up for what I think is right.
