---

2. Address of neighborhood Project Organizer \*

---

3. Email of neighborhood Project Organizer \*

---

4. Phone number of neighborhood Project Organizer \*

---

5. Project Description \*

Briefly describe the tree planting project, including the location and extent of the project.

---

---

---

---

---

6. Check all that apply \*

*Check all that apply.*

- We have one person designated as the project organizer
- We can provide at least 2 person hours per tree (teen or adult) on planting day
- We are willing to attend a pre-planting project organizer orientation to review proposed planting sites project requirements and logistics
- We are prepared to organize a potluck for our volunteers at the end of planting day.

## Tree Information

---

Public shade trees can be planted either in the tree belt (public property between the sidewalk and the street) or as a setback (private property within 20 feet of the public way). If a proposed planting site is a setback, then 1) you have the owner's permission to submit as a proposed site; 2) the owner understands that the tree will be a public shade tree in perpetuity, protected under MGL 87; and 3) the owner is willing to work with the City to select an appropriate tree for planting. In addition, if the setback site is accepted for planting, the owner will need to sign an agreement with the City, a process that will be initiated by the City's Tree Warden at the appropriate time.

7. Number of proposed trees to be planted (enter number; must be at least 10) \*

---

8. Address of Tree #1 \*

---

9. Location of Tree #1 \*

*Mark only one oval.*

- Public (tree belt)
- Private (setback)

10. Address of Tree #2 \*

---

11. **Location of Tree #2 \***

*Mark only one oval.*

- Public (tree belt)  
 Private (setback)

12. **Address of Tree #3 \***

---

13. **Location of Tree #3 \***

*Mark only one oval.*
