PREAMBLE

1. Recognizing that our prime purpose is to provide education of the highest possible quality for the children of Northampton, and that good morale within the teaching staff of Northampton is essential to achievement of that purpose, we the undersigned parties to this contract, declare that:

 - b. The Superintendent of Schools of Northampton (hereinafter referred to as the Superintendent) has responsibility for carrying out the policies so established,
 - c. The faculty of the public schools of Northampton has the responsibility for providing education of the highest possible quality in the public schools of the City of Northampton,
 - d. Fulfillment of these respective responsibilities can be facilitated and supported by consultations and free exchanges of views and information between the Committee, the Superintendent, and the Association in the formulation and application of policies relating to wages, hours, and other conditions of employment for the faculty and professional staff, and so
 - e. To give effect to these declarations, the following principles and procedures are hereby adopted.

RECOGNITION

2. For the purpose of negotiations with respect to wages, hours, other conditions of employment, and any questions arising thereunder, the Committee recognizes the Association as the exclusive negotiating agent and representative of:

UNIT A: All teachers, librarians, guidance counselors, Board Certified Behavior Analysts, educational coordinators, head teachers, department chairpersons, academic coaches, Educational T.V. Coordinator, certified and registered nurses, school psychologists, adjustment counselors, social workers, Coordinator of Out of District and Transitional Services, speech therapists, physical therapists, occupational therapists, Title I Coordinator, coaches and extracurricular personnel. Excluded are all other units in the Northampton School System.

COMPENSATION AND OTHER CONDITIONS OF EMPLOYMENT

3. Subject to the provisions of this contract, and except as otherwise provided by Appendix “A” attached hereto and made a part hereof, the wages, hours and other conditions of employment applicable on the effective date of this contract to the employees covered by this contract shall continue to be so applicable.

DURATION

4. This Agreement will be effective July 1, 2019 through June 30, 2022 and will continue to remain in full force and effect to and including June 30, 2025 and shall thereafter automatically renew itself for successive terms of one (1) year each unless by November 1, next prior to the expiration of the contract year involved, either party gives written notice that it desires to negotiate a new contract or amendment thereto. Upon receipt of such notice, the parties agree to meet for the purposes of negotiating a new or amended Agreement. In the event either party desires to negotiate a new contract or amendment and one has not been agreed upon by June 30, 2025, this contract may be extended by mutual agreement.
5. Following the formal re-opening of negotiations for a successor agreement, if the Committee and the Association shall have failed to reach agreement, either party shall have the right to petition the State Division of Labor Relations to initiate mediation and fact finding proceedings in accordance with Section 9 of Chapter 150E of the General Laws of Massachusetts.

MANAGEMENT RIGHTS

Except as expressly provided otherwise by this Agreement, or by Chapter 736 of the Act of 1965 or any subsequent laws, the determination and administration of school policy, the operation of the schools and the direction of the teachers are vested, exclusively, in the School Committee or its statutory agents as defined in the Education Reform Act of 1993. The administration and execution of the provisions of this paragraph will be carried out by the Superintendent of Schools or their designees as the executive officer of the School Committee. The management of the school system, and the direction of the working force, including the right to plan, direct and control operations; to schedule and assign duties to employees; to determine the curriculum, textbooks, instructional supplies and schedules; to establish standards and to maintain the efficiency of employees; to establish and require employees to observe School Committee rules and regulations; to hire, lay-off or relieve employees from duties; to maintain order and to suspend, demote, discipline and discharge employees, subject to just cause for teachers with professional status; are the recognized, reserved rights of management. The foregoing enumeration of management rights shall not be deemed to exclude other rights of management, not specifically set forth; the employer, therefore, retaining all rights not specifically restricted by this Agreement. The exercise of any of the foregoing rights shall not alter any of the specific provisions of this Agreement, nor shall they be used to discriminate against any member of the Association or Bargaining Unit.

ARTICLE I NEGOTIATING PROCEDURE

- A. 1. During negotiation, the Committee and the Association will present relevant data,

exchange points of view, and make proposals and counter-proposals. The Committee will make available to the Association for inspection all pertinent public records of the Northampton School system. Either party may, if it so desires, utilize the services of outside consultants and may call upon professional and lay representative to assist in the negotiation.

- B. 1. If an agreement is reached, it will be presented to the Committee as a joint recommendation of the Superintendent and the Association if the matter is one upon which Committee action is necessary. If the Committee disagrees with such joint recommendation, it will not reject it without further negotiation with the Association in a good faith effort to resolve the disagreement.
2. For the duration of this contract the Committee shall make no change in policy which affects wages, hours and other conditions of employment without negotiating such change with the Association.

Any agreement reached with the Committee will be reduced to writing, will be signed by the Committee and the Association, and will become an Addendum to this Agreement.

- C. Reopener: The parties agree to reopen the collective bargaining agreement on wages if in year 2 or 3 of the collective bargaining agreement there is an annual increase in net state education aid (Chapter 70 plus (+) School Transportation plus (+) Charter Tuition Reimbursement plus (+) Smart Growth School Reimbursement plus (+) School Choice Receiving Tuition minus (-) School Choice Sending Tuition minus (-) Charter School Sending Tuition) of more than 5% from the prior year.

ARTICLE II GRIEVANCE AND ARBITRATION PROCEDURE

- A. Definition. Any claim by the Association or member or group of members that there has been a violation, misinterpretation, or misapplication of the terms of this Agreement; a violation of their/its right to fair treatment; a change in wages, hours, and/or working conditions; or a violation of any established policy or practice should be considered a grievance. Any matter related to an accommodation of an employee in accordance with the Americans with Disabilities Act shall not be subject to this grievance and arbitration procedure.
- B. Time Limits. All time limits herein shall consist of calendar days exclusive of legal holidays, Saturdays and Sundays. The time limits indicated hereunder will be considered maximum unless extended by mutual agreement in writing. In the event a grievance is filed which cannot be resolved to the satisfaction of the Association prior to the termination of this contract using the normal time limits set out herein, the Association may submit the grievance directly to arbitration in accordance with Level Four of this procedure.
- C. Procedure.

1. Pre-Grievance. A member with a potential grievance, along with an Association representative of the member's choosing, may seek out their supervisor and attempt to resolve a potential grievance verbally before the thirty (30) day time limit for filing at Level One lapses.
2. Level One. Most building based members will file Level One grievances with their building principal. Itinerant staff or staff assigned to no school building will have a Director with whom they will file Level One Grievances. The term "supervisor" as used in this procedure means building principals or an individual member's directly responsible district level Director.

A member with a grievance will present it in writing to their supervisor either directly or through the Association within thirty (30) days of the grievable event(s), or when the individual or Association became aware of the grievable event(s) or when they should have been aware of the grievable event(s) that led to the complaint. The grievant shall set forth the nature of the grievance, shall specify the section of the Agreement alleged to have been violated, and what relief is sought, and it shall be signed by an Association official and/or by the individual member initiating the grievance (a group of members may have the grievance signed by a designated member). Their supervisor will meet with the member and an Association representative of the member's choosing within five (5) days of receipt of the member's written grievance. The supervisor will respond with a decision in writing to the member and to the Association within five (5) days of the meeting.

3. Level Two. If the grievance is not resolved to the satisfaction of the grievant or the Association within five (5) days after meeting with the supervisor at Level One, the member may present the grievance in writing to the Superintendent or their designee(s) within five (5) days of receiving the written response or following the date such decision was due if no decision was received. The Superintendent will meet with the member and an Association representative of the member's choosing within five (5) days of receipt of the member's written grievance. The Superintendent will respond with a decision in writing to the member and to the Association within five (5) days of the meeting.
4. Level Three. If the grievance is not resolved to the satisfaction of the grievant or the Association, the member may present the grievance in writing to the School Committee within five (5) days after the decision of the Superintendent or their designee was presented or following the date such decision was due if no decision is received. The School Committee or its designee(s) shall hold the hearing at the next regularly scheduled meeting of the School Committee and may render its decision in writing to the member and to the Association no later than ten (10) days following the date of such hearing. If the grievance involves an Appointing Authority matter, and has not been resolved at Level One or Two, as applicable, the Association may submit the grievance to arbitration and shall not submit the grievance to the School Committee.

5. Level Four. If the grievance is not resolved to the satisfaction of the grievant or the Association after the procedures set forth above have been exhausted, the School District or the Association may, as the case may be, submit the grievance to arbitration within thirty (30) days from the date the final decision of Level Three of the grievance procedure was due. The party wishing to refer the matter to arbitration shall so notify the other party in writing stipulating the matter to be arbitrated and requesting arbitration. The arbitration shall be conducted by an arbitrator to be selected by the School District and the Association, as the case may be, if they can mutually agree upon selection within fifteen (15) days after notice has been given. If the parties are unable to select an arbitrator who is mutually acceptable, then the grievance may be submitted by either party to arbitration in accordance with the American Arbitration Association's current rules.

Either party shall have the right to have a transcript made of the proceedings, in which case the transcript shall be designated by the parties as the official record of the proceedings. Both parties shall share the expense of providing a copy of the transcript to the arbitrator.

The decision of the arbitrator should be limited to the specific point or points of difference submitted to them. The arbitrator shall have no power to add or subtract from, modify, or amend any provisions of this Agreement. The decision of the arbitrator shall be final and binding upon both parties and shall be specifically enforceable against either party.

The arbitrator shall not render a decision contrary to state or federal law. The arbitrator shall hold hearings promptly and, unless the time shall be extended by mutual written agreement, shall be requested to issue the decision not later than thirty (30) days from the date of the hearing or from the date of the submission of final briefs, whichever is later.

The cost of any arbitration proceedings and reasonable expenses incurred therewith shall be divided equally between the School District and the Association. Grievances may be settled without precedent at any stage of this procedure.

6. Expedited Grievance Resolution Process. After a grievance has been appealed to Level Two, or, if the parties have agreed to initiate a grievance at Level Two, either the Superintendent or President of the Association may request in writing that a Joint Labor Management Committee be convened. Both parties must agree in writing. The committee will consist of at least two (2) individuals appointed by the Association, and at least two (2) individuals appointed by the Superintendent. The parties agree that representatives at the appropriate levels of the school department will be appointed to the committee. Experts, resource people, and others may also, at the request of either party, be asked to participate, and to provide information, but are not members of the Committee.

The Joint Labor Management Committee will discuss the grievance, will research and share relevant information, and will develop appropriate resolutions acceptable to the parties. All decisions will be made by consensus.

Any discussion between the parties pursuant to the work of the Joint Labor Management Committee will be considered confidential and will not be admissible at any subsequent level of the grievance procedure.

If a grievance that has been referred to the Joint Labor Management Committee remains unresolved after fifteen (15) days following said referral to the Joint Labor Management Committee the parties agree that they will either, a) agree to the extended timelines, or b) the Association will, within five (5) days, resubmit the grievance to the Superintendent at Level Two. Thereafter, the timelines established at Level Two of the grievance procedure will be followed.

D. General Provisions.

1. The District and the Association may process grievances under the Grievance and Arbitration Procedure set forth herein. The District and the Association acknowledge the right of either party to participate in the processing of a grievance at any level.
2. The Association shall have the right to use in its presentation at any level of this Grievance and Arbitration Procedure any representative or representatives of its own choosing.
3. The District acknowledges the right of the Association to be present in the proceedings of a grievance starting at Level One.
4. An employee under this contract may present a grievance to their employer and have such grievance heard without intervention by the Association provided that the Association is afforded the opportunity to be present at each level of the procedure and that any adjustments made shall be consistent with the terms of the Agreement then in effect between the employer and the Association.
5. No reprisals of any kind will be taken by the School Committee or Administration against any member because of their participation in the grievance process.
6. The School Committee and Administration will cooperate with the Association in its investigation of any grievance to the extent permitted by state law, and further will furnish the Association with such information from the personnel file of the aggrieved

member as is necessary for the processing of any grievance. The Association will likewise cooperate with the School Committee and Administration.

7. The time limits set forth in this Article may be extended by written agreement of the parties.
8. Provided that the parties agree in writing, Level One and Level Two of the grievance procedure may be bypassed and the grievance brought directly to the next level. This does not apply to grievances that involve an Appointing Authority matter. However, in those cases, the time limits set in Level One apply.
9. All decisions rendered at Levels One, Two, and Three of the grievance procedure will be in writing, setting forth the decision in the reasons thereof and will be transmitted promptly to the grievant and the Association.
10. Failure, by the member and/or the Association representative, to move a grievance to the next level within the time limit established in this Article presumes that it has been satisfactorily resolved at the last level to which it has been properly processed.
11. In the event that representatives of the district do not answer within time limits herein provided, the grievance may be presented directly to the next level of the grievance process.
12. If, in the judgment of the Association, a grievance affects a class or group of members, the Association may submit a grievance in writing to the Superintendent directly and the processing of such grievances will be commenced at Level Two. The Association may process such a grievance through all levels of the grievance and arbitration procedure even if the aggrieved group does not wish to do so.
13. Only the District or the Association may move the matter to arbitration.
14. When it is necessary, pursuant to Level Four of the Grievance and Arbitration Procedure, for an aggrieved member to attend a hearing held during a school day by an arbitrator he/she and an Association representative of the member's choosing will be released without loss of pay as necessary in order to permit participation in the foregoing activity.
15. The cost of the services of the Arbitrator, including per diem expenses, if any, and actual and necessary travel and subsistence expenses will be borne equally by the School Committee and the Association.
16. All documents, communications, and records dealing with the processing of a

grievance will be filed separately from the personnel files of the participants, unless otherwise required by law.

vi. In addition to artifacts related to professional practice and student learning goals, the educator shall provide up to two (2) artifacts of the above-mentioned types for each standard.

4. Rubric

The rubrics are a scoring tool used for the Educator's self-assessment, the formative assessment, the formative evaluation and the summative evaluation. The district will use the rubrics provided by DESE.

5. Evaluation Cycle: Annual Orientation

At the start of each school year, the superintendent, principal or designee trained in the evaluation procedure shall conduct a meeting for all Educators and Evaluators focused substantially on educator evaluation. The superintendent, principal or designee trained in the evaluation procedure shall:

- A. Provide an overview of the evaluation process, including goal setting and the educator plans.
- B. Provide all Educators with directions for obtaining a copy of the forms used by the district. These may be electronically provided.
- C. Provide the content of this meeting in digital format to facilitate orientation of Educators hired after the beginning of the school year.

6. Evaluation Cycle: Self-Assessment

A. Completing the Self-Assessment

- i. The evaluation cycle begins with the Educator completing and submitting to the Primary or Supervising Evaluator a self-assessment by October 1st or within four weeks of the start of their employment at the school.
- ii. The self-assessment includes:
 - a. An analysis of evidence of student learning, growth, and achievement for students under the Educator's responsibility.
 - b. An assessment of practice against each of the four Performance Standards of effective practice using the district's rubric.
 - c. Proposed goals to pursue:

1st: At least one goal directly related to improving the Educator's own professional practice.

2nd: At least one goal directly related to improving student learning.

B. Proposing the goals

- i. Educators must consider goals for grade-level, subject-area, department teams, or other groups of Educators who share responsibility for student learning and results, except as provided in (ii) below. Educators may meet with teams to consider establishing team goals. Evaluators may participate in such meetings.
- ii. For Educators in their first year of practice, the Evaluator or their designee trained in the evaluation procedure will meet with each Educator by October 1st (or within four weeks of the Educator's first day of employment if the Educator begins employment after September 15th) to assist the Educator in completing the self-assessment and drafting the professional practice and student learning goals which must include induction and mentoring activities.
- iii. Unless the Evaluator indicates that an Educator in their second or third years of practice should continue to address induction and mentoring goals pursuant to 603 CMR 7.12, the Educator may address shared grade level or subject area team goals.
- iv. For Educators with PTS and ratings of proficient or exemplary, the goals may be team goals. In addition, these Educators may include individual professional practice goals that address enhancing skills that enable the Educator to share proficient practices with colleagues or develop leadership skills.
- v. For Educators with PTS and ratings of needs improvement or unsatisfactory, the professional practice goal(s) must address specific standards and indicators identified for improvement. In addition, the goals may address shared grade level or subject area team goals.

7. Evaluation Cycle: Goal Setting and Development of the Educator Plan

- A. Every Educator has an Educator Plan that includes, but is not limited to, one goal related to the improvement of practice; one goal for the improvement of student learning. The Plan also outlines actions the Educator must take to attain the goals established in the Plan and benchmarks to assess progress. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the similar roles and/or responsibilities. See Sections 14-18 for more on Educator Plans.

- B. To determine the goals to be included in the Educator Plan, the Evaluator reviews the goals the Educator has proposed in the Self-Assessment, using evidence of Educator performance and impact on student learning, growth and achievement based on the Educator's self-assessment and other sources that Evaluator shares with the Educator. The process for determining the Educator's impact on student learning, growth and achievement will be determined after DESE issues guidance on this matter. See #21, below.

 - C. Educator Plan Development Meetings shall be conducted as follows:
 - i. Educators in the same school may meet with the Evaluator in teams and/or individually at the end of the previous evaluation cycle or by October 15th of the next academic year to develop their Educator Plan. Educators shall not be expected to meet during the summer hiatus.

 - ii. For those Educators new to the school, the meeting with the Evaluator to establish the Educator Plan must occur by October 15th or within six weeks of the start of their assignment in that school.

 - iii. The Evaluator shall meet individually with Educators with PTS and ratings of needs improvement or unsatisfactory to develop professional practice goal(s) that must address specific standards and indicators identified for improvement. In addition, the goals may address shared grade level or subject matter goals.

 - D. The Evaluator completes the Educator Plan by November 1st. The Educator shall sign the Educator Plan within 5 school days of its receipt and may include a written response. The Educator's signature indicates that the Educator received the plan in a timely fashion. The signature does not indicate agreement or disagreement with its contents. The Evaluator retains final authority over the content of the Educator's Plan.
8. Evaluation Cycle: Observation of Practice and Examination of Artifacts – Educators without PTS
- A. In the first year of practice or first year assigned to a school:
 - i. The Educator shall have at least one announced observation during the school year using the protocol described in section 10B, below.

B. In their second and third years of practice or second and third years as a non-PTS Educator in the school:

- ii. The Educator shall have at least two unannounced observations during the school year.

9. Evaluation Cycle: Observation of Practice and Examination of Artifacts – Educators with PTS

- A. The Educator whose overall rating is proficient or exemplary must have at least one unannounced observation during the evaluation cycle. An additional unannounced observation will occur within a reasonable period of time if requested by the Educator or Evaluator.
- B. The Educator whose overall rating is needs improvement must be observed according to the Directed Growth Plan during the period of Plan which must include at least two unannounced observations. An additional unannounced observation will occur within a reasonable period of time if requested by the Educator or Evaluator.
- C. The Educator whose overall rating is unsatisfactory must be observed according to the Improvement Plan which must include both unannounced and announced observation. The number and frequency of the observations shall be determined by the Evaluator, but in no case, for improvement plans of one year, shall there be no fewer than one announced and three unannounced observations. For Improvement Plans of six months or fewer, there must be no fewer than one announced and two unannounced observations. An additional announced and/or unannounced observation will occur within a reasonable period of time if requested by the Educator or Evaluator.

10. Observations

The Evaluator's first observation of the Educator shall take place by November 15th. Observations required by the Educator Plan shall be completed by May 25th.

The Evaluator is not required nor expected to review all the indicators in a rubric during an observation. Although all the indicators must be addressed, the primary focus of the observations will be on the indicators and elements agreed-upon in the educator plan. Barring any extenuating circumstances, observations will not occur on the day before or after a vacation period.

A. Unannounced Observations

- i. Unannounced observations may be in the form of partial (at least 15 minutes) or full-period classroom visitations by the Evaluator.
- ii. The Educator will be provided with at least brief written feedback from the Evaluator within 3-5 school days of the observation. The written feedback shall be delivered to the Educator in person whenever possible, otherwise to the Educator's school mailbox or home. A follow-up face-to-face conversation will be held within a reasonable period of time at the request of the Educator or the Evaluator.
- iii. Any observation or series of observations resulting in one or more standards judged to be unsatisfactory or needs improvement for the first time must be followed by at least one observation of at least 30 minutes in duration within 30 school days.

B. Announced Observations

- i. All non-PTS Educators in their first three years in the school, PTS Educators on Improvement Plans and other educators at the request of the Educator and/or the Evaluator shall have at least one Announced Observation.
 - a. The Educator and Evaluator together shall select the date and time of the lesson or activity to be observed and discuss any specific goal(s) for the observation.
 - b. Within 5 school days of the scheduled observation, upon request of either the Evaluator or Educator, the Evaluator and Educator shall meet for a pre-observation conference. In lieu of a meeting, the Educator may inform the Evaluator in writing of the nature of the lesson, the student population served, and any other information that will assist the Evaluator to assess performance.
 - 1st: The Educator shall provide the Evaluator a draft of the lesson, student conference, IEP plan or activity. If the actual plan is different, the Educator will provide the Evaluator with a copy prior to the observation.
 - 2nd: The Educator will be notified as soon as possible if the Evaluator will not be able to attend the scheduled observation. The observation will be rescheduled with the Educator as soon as reasonably practical.
 - c. Within 5 school days of the observation, the Evaluator and Educator shall meet for a post-observation conference. This timeframe may be extended due to unavailability on the part of either the Evaluator or the Educator, but shall be rescheduled within 24 hours if possible.

d. The Evaluator shall provide the Educator with written feedback within 5 school days of the post-observation conference. For any standard where the Educator's practice was found to be unsatisfactory or needs improvement, the feedback must:

1st: Describe the basis for the Evaluator's judgment.

2nd: Describe actions the Educator should take to improve their performance.

3rd: Identify support and/or resources the Educator may use in their improvement.

4th: State that the Educator is responsible for addressing the need for improvement.

11. Evaluation Cycle: Formative Assessment

- A. A specific purpose for evaluation is to promote student learning, growth and achievement by providing Educators with feedback for improvement. Evaluators are expected to make frequent unannounced visits to classrooms. Evaluators are expected to give targeted constructive feedback to Educators based on their observations of practice, examination of artifacts, and analysis of multiple measures of student learning, growth and achievement in relation to the Standards and Indicators of Effective Teaching Practice with focus on those as set forth in the Educator Plan.
- B. Formative assessment may be ongoing throughout the evaluation cycle but typically takes place mid-cycle when a Formative Assessment Report is completed. For an Educator on a two-year Self-Directed Growth Plan, the mid-cycle Formative Assessment Report is replaced by the Formative Evaluation Report at the end of year one. See section 12, below.
- C. The Formative Assessment Report provides written feedback and ratings to the Educator about their progress towards attaining the goals set forth in the Educator Plan, performance on Performance Standards and overall, with primary emphasis on the Educator Plan.
- D. No less than two weeks before the due date for the Formative Assessment Report, which due date shall be established by the Evaluator with written notice to the Educator, the Educator shall provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may provide to the evaluator additional evidence of the educator's performances against the four Performance Standards.
- E. Upon the request of either the Evaluator or the Educator, the Evaluator and the Educator will meet either before or after completion of the Formative Assessment Report.

- F. The Evaluator shall complete the Formative Assessment Report and provide a copy to the Educator. All Formative Assessment Reports must be signed by the Evaluator and delivered face-to-face whenever possible, otherwise to the Educator's school mailbox or home.
- G. The Educator may reply in writing to the Formative Assessment Report within 5 school days of receiving the report.
- H. The Educator shall sign the Formative Assessment Report by within 5 school days of receiving the report. The signature indicates that the Educator received the Formative Assessment Report in a timely fashion. The signature does not indicate agreement or disagreement with its contents.
- I. As a result of the Formative Assessment Report, the Evaluator may change the activities in the Educator Plan.
- J. If the rating in the Formative Assessment Report differs from the last summative rating the Educator received, the Evaluator may place the Educator on a different Educator Plan, appropriate to the new rating.

12. Evaluation Cycle: Formative Evaluation for Two Year Self-Directed Plans Only

- A. Educators on two year Self-Directed Growth Educator Plans receive a Formative Evaluation Report near the end of the first year of the two year cycle. The Educator's performance rating for that year shall be assumed to be the same as the previous summative rating unless evidence demonstrates a significant change in performance in which case the rating on the performance standards may change, and the Evaluator may place the Educator on a different Educator plan, appropriate to the new rating.
- B. The Formative Evaluation Report provides written feedback and ratings to the Educator about their progress towards attaining the goals set forth in the Educator Plan, performance on each performance standard and overall, with primary emphasis on the Educator Plan.
- C. No less than two weeks before the due date for the Formative Evaluation Report, which due date shall be established by the Evaluator with written notice provided to the Educator, the Educator shall provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may also provide to the evaluator additional evidence of the educator's performance against the four Performance Standards.

- D. The Evaluator shall complete the Formative Evaluation Report and provide a copy to the Educator. All Formative Evaluation reports must be signed by the Evaluator and delivered face-to-face whenever possible, otherwise to the Educator's school mailbox or home.
- E. Upon the request of either the Evaluator or the Educator, the Evaluator and the Educator will meet either before or after completion of the Formative Evaluation Report.
- F. The Educator may reply in writing to the Formative Evaluation Report within 5 school days of receiving the report.
- G. The Educator shall sign the Formative Evaluation Report by within 5 school days of receiving the report. The signature indicates that the Educator received the Formative Evaluation Report in a timely fashion. The signature does not indicate agreement or disagreement with its contents.
- H. As a result of the Formative Evaluation Report, the Evaluator may change the activities in the Educator Plan.
- I. If the rating in the Formative Evaluation Report differs from the last summative rating the Educator received, the Evaluator may place the Educator on a different Educator Plan, appropriate to the new rating.

13. Evaluation Cycle: Summative Evaluation

- A. The evaluation cycle concludes with a Summative Evaluation Report. For Educators on a one or two year Educator Plan, the Summative Evaluation Report must be written and provided to the Educator by May 15th.
- B. The Evaluator determines a rating on each standard and an overall rating based on the Evaluator's professional judgment, an examination of evidence against the Performance Standards and evidence of the attainment of the Educator Plan goals.
- C. The professional judgment of the Primary Evaluator shall determine the overall summative rating that the Educator receives.
- D. For an Educator whose overall performance rating is exemplary or proficient and whose impact on student learning is low, the Evaluator's Supervisor shall discuss and review the rating with the Evaluator and the Supervisor shall confirm or revise the Educator's rating.
- E. The summative evaluation rating must be based on evidence from multiple

categories of evidence. MCAS Growth scores shall not be the sole basis for a summative evaluation rating.

- F. To be rated proficient overall, the Educator shall, at a minimum, have been rated proficient on the Curriculum, Planning and Assessment and the Teaching All Students Standards of Effective Teaching Practice.
- G. No less than four weeks before the due date for the Summative Evaluation Report, which due date shall be established by the Evaluator with written notice provided to the Educator, the Educator will provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may also provide to the evaluator additional evidence of the educator's performance against the four Performance Standards.
- H. The Summative Evaluation Report shall recognize areas of strength as well as identify recommendations for professional growth.
- I. The Evaluator shall deliver a signed copy of the Summative Evaluation Report to the Educator face-to-face whenever possible, or by email or to the Educator's school mailbox or home no later than May 25th.
- J. The Evaluator shall meet with the Educator rated needs improvement or unsatisfactory to discuss the summative evaluation. The meeting shall occur by June 1st.
- K. The Evaluator shall meet with the Educator rated proficient or exemplary to discuss the summative evaluation, if either the Educator or the Evaluator requests such a meeting. The meeting shall occur by June 10th.
- L. Upon mutual agreement, the Educator and the Evaluator may develop the Self-Directed Growth Plan for the following two years during the meeting on the Summative Evaluation Report.
- M. The Educator shall sign the final Summative Evaluation Report by June 15th. The signature indicates that the Educator received the Summative Evaluation Report in a timely fashion. The signature does not indicate agreement or disagreement with its contents.
- N. The Educator shall have the right to respond in writing to the summative evaluation which shall become part of the final Summative Evaluation Report.
- O. A copy of the signed final Summative Evaluation Report shall be filed in the

Educator's personnel file.

A formative evaluation report is completed at the end of year 1 and a summative evaluation report at the end of year 2.

- B. A One-year Self-Directed Growth Plan is for those Educators with PTS who have an overall rating of proficient or exemplary, and after 2014-2015 whose impact on student learning is low. In this case, the Evaluator and Educator shall analyze the discrepancy between the summative evaluation rating and the rating for impact on student learning to seek to determine the cause(s) of the discrepancy.

17. Educator Plans: Directed Growth Plan

- B. The parties agree that in order to provide students with the best instruction, it may be necessary from time to time to place an Educator whose practice has been rated as unsatisfactory on an Improvement Plan of no fewer than 25 school days and no more than one school year. In the case of an Educator receiving a rating of unsatisfactory near the close of one school year, the Improvement Plan may include activities that occur during the summer before the next school year begins. The District will compensate for any mandated activity, but not per diem for the Educator.
- C. The Evaluator must complete a summative evaluation for the Educator at the end of the period determined by the Evaluator for the Plan.

The primary evaluator may be the Supervising Evaluator, unless special circumstances warrant it.

- I. Decision on the Educator’s status at the conclusion of the Improvement Plan.
- i. All determinations below must be made no later than June 1. One of three decisions must be made at the conclusion of the Improvement Plan:
 - a. If the Evaluator determines that the Educator has improved their practice to the level of proficiency, the Educator will be placed on a Self-Directed Growth Plan.
 - b. In those cases where the Educator was placed on an Improvement Plan as a result of their summative rating at the end of their Directed Growth Plan, if the Evaluator determines that the Educator is making substantial progress toward proficiency, the Evaluator shall place the Educator on a Directed Growth Plan.

B. Educators on Plans of Less than One Year:

The timeline for educators on Plans of less than one year will be established in the Educator Plan.

20. Career Advancement

- A. In order to attain Professional Teacher Status, the Educator should achieve ratings of proficient or exemplary on each Performance Standard and overall. A principal considering making an employment decision that would lead to PTS for any Educator who has not been rated proficient or exemplary on each performance standard and overall on the most recent evaluation shall confer with the superintendent by May 1. The principal’s decision is subject to review and approval by the superintendent.
- B. In order to qualify to apply for a teacher leader position, the Educator must have had a Summative Evaluation performance rating of proficient or exemplary for at least the previous two years.
- C. Educators with PTS whose summative performance rating is exemplary and, after 2014-2015, whose impact on student learning is rated moderate or high, shall be recognized and rewarded with leadership roles, promotions, additional compensation, public commendation or other acknowledgement as determined by the district through collective bargaining where applicable.

21. During the development of the Educator Plan, evaluators shall communicate clear expectations for educator impact, including but not limited to anticipated student learning gains for the multiple measures that will be used as evidence of educator performance. Anticipated student learning gains must be consistent across the District for common assessments and agreed upon by the educator and evaluator for other classroom assessments. The Department shall establish anticipated student learning gains for statewide student growth measures in guidance.

22. Using Student Feedback in Educator Evaluation

In accordance with 603 CMR 35.07 (1)(c)(2), the parties agree that student feedback shall be used as evidence relevant to one or more Performance Standards exclusively during Self-Assessment and/or Goal-Setting phases of the evaluation cycle (see Section 3.C). The instruments used to collect student feedback shall include safeguards necessary to protect student confidentiality.

23. General Provisions

- A. Only Educators who have a DESE license and are serving as administrators and trained in the evaluation procedure may serve as evaluators of Educators.
- B. Evaluators shall not make negative comments about the Educator's performance, or comments of a negative evaluative nature, in the presence of students, parents or other staff, except in the unusual circumstance where the Evaluator concludes that s/he must immediately and directly intervene. Nothing in this paragraph is intended to limit an administrator's ability to investigate a complaint, or secure assistance to support an Educator.
- C. The Superintendent shall insure that Evaluators have training in supervision and evaluation, including the regulations and standards and indicators of effective teaching practice promulgated by DESE (35.03), and the evaluation Standards and Procedures established in this Agreement.
- D. Should there be a serious disagreement between the Educator and the Evaluator regarding an overall summative performance rating of needs improvement or unsatisfactory, the Educator may meet with the Evaluator's supervisor to discuss the disagreement. Should the Educator request such a meeting, the Evaluator's supervisor must meet with the Educator. The Evaluator may attend any such meeting at the discretion of the superintendent.
- E. Reserved.
- F. Violations of this article are subject to the grievance and arbitration procedures. The arbitrator shall determine whether there was substantial compliance with the totality of the evaluation process. When the evaluation process results in the termination or non-renewal of an Educator, then no financial remedy or reinstatement shall issue if there was substantial compliance.
- J. Right to Review Contents of Personnel File. Members of the bargaining unit will have the right, upon request to the Superintendent in writing, to review the contents of their personnel files provided a twenty-four hour notice is given. A member of Unit A will be entitled to have a member of the Association accompany them during such a review.

No material originating after original hiring which is derogatory to an employee's conduct, service, character, or personality will be placed in their personnel file unless the teacher has had the opportunity to review the material. The employee will also have the right to submit a written answer to such material and their answer will be reviewed by the Superintendent and attached to the file copy.

A single personnel file will be kept in the Human Resources Office and will be kept up to date. No other official personnel file shall exist for any employee.

If an employee of the bargaining unit is to be disciplined or reprimanded by a member of the Administration, they will be entitled to have a member of the Association present.

K. Vacancies and New Positions/Voluntary Transfers.

1. For purposes of this Article, a vacancy in a position is created by the death, resignation, retirement, promotion, transfer of a teacher, or the non-renewal of the contract of a teacher without professional teacher status when such non-renewal is not caused by budgetary limitations, declining enrollment and/or program changes.
2. When a vacancy occurs, and the Superintendent and/or the Principal determine that the vacancy should be filled, or when the School Committee creates a new position, the following procedure shall be employed:
 - a. Notice of such vacancies and new positions will be posted in each school, said notice to include a description of the available position and its location. Public advertisement of the position may occur at the same time as the posting.
 - b. Teachers desiring a transfer will submit a written request to the Superintendent within ten (10) days of the date of the posting, stating the assignment preferred. All requests will be acknowledged in writing.
 - c. In addition, a teacher may file a written general request for a transfer with the Superintendent, stating the assignment preferred, even when a position has not been posted. Such request must be renewed each school year and will be acknowledged in writing. Such a request will be considered by the Superintendent when filling any posted position pursuant to Section 2(a) above.
 - d. If a vacancy or new position is posted during the school year, and the position is to be filled during the school year, the Superintendent may transfer a current teacher into that position during the school year, or may fill the position with an outside candidate for the duration of the school year. At the end of the school year, any vacancy or new position filled by an outside candidate for the duration of the school year will be deemed to be a vacancy as of April 15 for the following school year. Teachers who submitted requests pursuant to Section 2 (b) and (c) above shall be considered for transfer into that position.

3. Summer Positions.

- a. Teachers may apply for transfer to a vacancy that may occur, or a new position that may be created, from July 1 to the first workday of that school year. Teachers who wish to be informed of any such new positions or vacancies shall notify, in writing, the Superintendent of their interest no later than the last day of school. Such notification shall include their summer address.
- b. A teacher transferred to a Summer Position or Vacancy on the basis of a written request submitted under paragraph (b) above will be given notice of the transfer by registered mail at the address of the teacher on file in the Superintendent's office promptly after the transfer is authorized, and the teacher is obligated to accept the Summer Position or Vacancy. Notice is deemed to be given when mailed.

L. Vacancies in Supervisory Positions in Unit A.

1. Effective the date of the signing of this Agreement, candidates for all supervisory positions in the Northampton Public Schools must possess a Master's Degree or equivalent.

M. Involuntary Transfers. Although the Administration and the Association recognize that some transfer of teachers from one school to another is unavoidable, they also recognize that frequent transfer of teachers is disruptive to the educational process and interferes with optimum teacher performance.

1. When involuntary transfers are necessary, a teacher's area of competence, major and/or minor field of study, quality of teaching performance, and length of service in the Northampton School System will be considered in determining which teacher is to be transferred. Teachers being involuntarily transferred will be transferred only to a comparable position, when available. Any involuntary transfer will be made only after proper notification.

N. Teacher Assignments.

1. When a Principal contemplates a change of assignment within a building, they will so inform the staff, and in particular, will discuss the proposed change(s) with affected staff no later than May 1 of the year preceding the school year in which the change is to be made.

In proposing reassignments, a Principal shall consider, to the extent possible, voluntary request(s) of reassignment by teachers.

Changes in assignment will, to the extent possible, be made on a voluntary basis. If the teacher disagrees with the Principal's proposed reassignment, the affected teacher(s) may request the involvement of the Superintendent of Schools and a representative of the Northampton Association of School Employees.

2. If a Principal believes an involuntary reassignment is still necessary, then in making such reassignment the Principal will consider a teacher's area of competence, major and/or minor field of study, quality of teaching performance, and length of service in the Northampton School System in determining which teacher is to be transferred. Teachers being involuntarily reassigned will be transferred only to a comparable assignment, when available.
3. A teacher who has been involuntarily reassigned will receive at least thirty (30) calendar days' notice prior to the effective date of the change.

O. Suspension.

1. Teachers may be suspended in accordance with the provisions of Chapter 71, Section 42D of the General Laws.

At the High School, full-time teachers will not be required to teach more than two (2) major subjects, nor have more than a total of two (2) teaching preparations at any one time. At the JFK Middle School:

The JFK JLMC will be formed in Sept 2022 to create recommendations for Year 2 which will be presented to the educators (Units A, B, and C), with opportunities for discussion and input, by December 15, 2022. Educators will vote on the recommendations. If, by January 31, 2023, there is no majority of voting members for a plan, this would trigger a reopener.

The flex block period at JFK will be used to provide academic support, including extra help, remediation, academic skill development, homework support, and enrichment opportunities such as service learning, student leadership, and curricular extensions and enhancements. Enrichment and curricular extensions and enhancements will be considered an additional prep. If facilitating the flex block brings a teacher above their maximum number of preps allowed, said teacher will be paired with another teacher with fewer preps to co-facilitate flex block.

The maximum number of students in a co-led group for flex block shall not exceed 25. At JFK, the maximum number of students in a group for flex block shall not exceed 25.

At the Northampton High School:

Flex block at the high school is a student-driven, targeted, and academic time built into the school day. Because the high school flex block will be limited to extra academic support, intervention, engagement, extra time, or extension, it may not be considered an additional prep. This provision does not preclude teachers from voluntarily providing additional student engagement opportunities per approval by building administration.

The maximum number of students in a co-led group for flex block shall not exceed 25. At the high school, the maximum number of students in a group led by one teacher is 15.

The NHS JLMC will continue to meet and re-evaluate language and implementation to come up with a joint proposal to be incorporated into the successor CBA.

- b. Full time teachers who are not in their initial year of employment shall receive sick time at the start of the school year, up to 10.5 days (73.5 hours). The amount of sick time allotted in a school year shall be determined by looking at the hours worked by the teacher in the prior school year. For every ten (10) cumulative days in the prior year that a teacher in unpaid status for a non-statutorily protected reason, the maximum 10.5 day (73.5 hour) sick leave allotment shall be reduced by 1.05 days (7.35 hours).

When a returning teacher is in their second year of employment and did not work a full year in their first year of employment because of their start date, the District will not subtract the period not employed by the District against the second year sick leave allotment.

- c. The sick time for teachers scheduled for less than 35 hours per week will be pro-rated.
 - d. Sick leave days provided under this section every school year shall not be considered to be used until sick leave days carried over from previous school years have been exhausted.
 - e. Unused sick leave days will accumulate without limit.
- 2. Absence from work due to illness of the employee will be charged against that employee's accumulated sick time.
 - 3. The employee may use their accumulated sick time for illness of a member of the employee's immediate family as defined in Section B (Bereavement Leave) and other relatives of the employee who reside in the household of the employee to care for the ill person.

This shall not be construed to mean a continuing absence but rather an emergency type of situation for a period of up to one (1) week. A variation of the one week limit may be granted on the recommendation of the Superintendent.

4. Sick Leave Bank.

- a. There shall be a Sick Leave Bank Committee. The Committee shall consist of the Vice-Chairperson of the Northampton School Committee, the Superintendent of Schools, and the President of the Northampton Association of School Employees. In addition to the President, the Committee shall include a non-voting representative from each of the bargaining units that make up the Association. The unit representative will participate

only in the meetings that review the request from their unit. The Sick Leave Bank Committee will administer the provisions of the Sick Leave Bank.

b. The Sick Leave Bank will depend upon voluntary contributions from employees covered by this Agreement.

c. Employees are automatically enrolled in the sick leave bank after working 90 days, or as soon as they have accrued 2 sick days. An employee who wishes to opt-out must notify the Human Resources Department, using the approved form, as follows: 1) For new employees in the first year of employment, at the time they are hired, 2) For returning employees before the first day of classes in the school year which they decide to opt-out. Employees may not rejoin the sick leave bank in any school year for which they have opted out. Returning employees who have contributed to the sick leave bank and opt-out in a subsequent school year will not receive a return of sick leave bank hours they have contributed in prior years.

d. Bargaining unit members who do not opt-out of the Sick Leave Bank in their first year of employment will have two (2) days of their accumulated sick days donated to the Sick Leave Bank within ninety (90) working days of the date that they first reported for work, provided that they have accrued days available for this purpose. If they have not accrued enough days within ninety (90) working days, they shall not be enrolled in the bank and will need to opt-in in a future year under the procedures in g, below.

e. After the initial donation, each year one (1) day will be added to the Sick Leave Bank by each member of the Sick Leave Bank.

f. The number of days in the Sick Leave Bank cannot exceed a maximum of 15000 hours. If the sick leave days in the Bank exceed 12000 hours, the members of the Bank will not be required to make the annual one (1) day donation at the start of the school year. If the number of sick leave days in the Bank are depleted to 7500 or less of the maximum number of hours, one (1) additional day for the Bank may be assessed each member.

g. If an employee who has opted out of the Sick Leave Bank in a prior school year requests to join in a subsequent school year, the member will notify the Human Resources Department by November 1st, using the approved opt-in form. Their initial donation to the Bank must equal the total number of days that they would have donated through the years had they not opted out. If they have not accrued enough days to contribute to the Bank, they will not be eligible to opt-in until they are in a school year where they have enough sick days to donate.

h. No member of the Sick Leave Bank will be denied continuation of membership in the Bank if a long-term illness has caused exhaustion of their individual sick leave benefits, thus preventing annual required donations to the Bank.

i. A member of the Sick Leave Bank who has exhausted their individual sick leave benefits may apply for benefits from the Sick Leave Bank. Such benefits are intended to augment an employee's sick leave benefit in cases involving catastrophic or long-term illness or accident not covered by Workers' Compensation. In assessing any application, the Sick Leave Bank Committee may request such medical documentation as it deems appropriate and shall, in addition, consider the following criteria:

- i. Demonstrated need of the applicant
- ii. Prior sick leave usage
- iii. Relative needs of other applicants
- iv. Supply of days in the Bank.

j. The Sick Leave Bank Committee's decision on all applications and other matters within its jurisdiction shall be final and shall not be subject to the grievance/ arbitration procedure contained in this Agreement. Any employee whose application is rejected or modified will, upon request, be granted a meeting with the Sick Leave Bank Committee.

k. By June 15 and November 15 of each year, the Human Resources Department will inform the Sick Leave Bank Committee of the number of days accrued in the Sick Leave Bank.

Immediate family includes: spouse, child, step-child, foster child, grandchild, parent, parent-in-law, siblings, grandparents, great-grandparents, or great-grandchildren as defined in the Family Medical Leave Act.

Relatives of the second degree include: aunts, uncles, nephews, nieces, cousins, siblings-in-law, children-in-law, and grandparents-in-law.

Bereavement leave should be taken upon the death of the family member, or once

services have been scheduled. Employees wishing to take a bereavement day should make their request through the District system. Approval will be made by the employee's immediate supervisor.

With the consent of the Principal and providing that it will not impair/reduce the effective delivery of services, an employee scheduled to work may be granted up to four (4) hours of paid leave to attend the services of a deceased co-worker. These days may not be taken on a day preceding or following a vacation, unless requested in writing to the Superintendent and approved in writing by the Superintendent thirty (30) days in advance. Any unused personal days in any school year will be added to a teacher's sick leave days at the end of such school year or, in the case of a teacher who dies or retires during a school year, upon the death or retirement of such teacher. A teacher will notify the district substitute system of their intent to use personal time at least five (5) working days before the personal day is to be taken. In the case of an emergency, employees shall notify the district substitute system at least one (1) hour before the start of duty and notify the school directly if there is less than one hour before the start of duty.
- E. Religious Observance. Up to a total of three (3) days during any school year will be allowed for religious observance. These days shall be deducted from personal leave or sick leave. Definitions (*indicates definition is generally based on 603 CMR 35.02)

- A. *Artifacts of Professional Practice: Products of an Educator’s work and student work samples that demonstrate the Educator’s knowledge and skills with respect to specific performance standards.
- B. Caseload Educator: Educators who teach or counsel individual or small groups of students through consultation with the regular classroom teacher, for example, school nurses, guidance counselors, speech and language pathologists, and some reading specialists and special education teachers.
- C. Classroom teacher: Educators who teach preK-12 whole classes, and teachers of special subjects as such as art, music, library, and physical education. May also include special education teachers and reading specialists who teach whole classes.
- D. Categories of Evidence: Multiple measures of student learning, growth, and achievement, judgments based on observations and artifacts of professional practice, including unannounced observations of practice; and additional evidence relevant to one or more Standards of Effective Teaching Practice (603 CMR 35.03).
- E. *Educator(s): Inclusive term that applies to all classroom teachers and caseload educators, unless otherwise noted.
- F. *Educator Plan: The growth or improvement actions identified as part of each Educator’s evaluation. The type of plan is determined by the Educator’s career stage, overall performance rating, and the rating of impact on student learning, growth and achievement. There shall be four types of Educator Plans:
 - 1. Developing Educator Plan shall mean a plan developed by the Educator and the Evaluator for one school year or less for an Educator without Professional Teacher Status (PTS); or, at the discretion of an Evaluator, for an Educator with PTS in a new assignment.
 - 2. Self-Directed Growth Plan shall mean a plan developed by the Educator for one or two school years for Educators with PTS who are rated proficient or exemplary.
 - 3. Directed Growth Plan shall mean a plan developed by the Educator and the Evaluator of one school year or less for Educators with PTS who are rated needs improvement.

4. Improvement Plan shall mean a plan developed by the Evaluator of at least 25 school days and no more than one school year for Educators with PTS who are rated unsatisfactory with goals specific to improving the Educator's unsatisfactory performance. In those cases where an Educator is rated unsatisfactory near the close of a school year, the plan may include activities during the summer preceding the next school year. The District will compensate for any mandated activity, but not per diem for the Educator.

- H. *DESE: The Massachusetts Department of Elementary and Secondary Education.

- I. *Evaluation: The ongoing process of defining goals and identifying, gathering, and using information as part of a process to improve professional performance (the "formative evaluation" and "formative assessment") and to assess total job effectiveness and make personnel decisions (the "summative evaluation").

- J. *Evaluator: Any person designated by a superintendent who has primary or supervisory responsibility for observation and evaluation. The superintendent is responsible for ensuring that all Evaluators have training in the principles of supervision and evaluation. Each Educator will have one primary Evaluator at any one time responsible for determining performance ratings.
 1. Primary Evaluator shall be the person who determines the Educator's performance ratings and evaluation. Whenever possible, the Primary Evaluator and the educator will mutually agree upon the Supervising Evaluator.
 2. Supervising Evaluator shall be the person responsible for developing the Educator Plan, supervising the Educator's progress through formative assessments, evaluating the Educator's progress toward attaining the Educator Plan goals, and making recommendations about the evaluation ratings to the primary Evaluator at the end of the Educator Plan. The Supervising Evaluator may be the primary Evaluator or his/her designee. In the event the Educator requests to have the Supervising Evaluator assigned, that request will be honored whenever reasonable.
 3. Teaching Staff Assigned to More Than One Building: Each Educator who is assigned to more than one building will be evaluated by the appropriate administrator where the individual is assigned most of the time. The principal of each building in which the Educator serves must review and sign the evaluation, and may add written comments. In cases where there is no predominate assignment, the superintendent will determine who the primary evaluator will be.
 4. Notification: The Educator shall be notified in writing of his/her primary Evaluator and supervising Evaluator, if any, at the outset of each new evaluation cycle. The Evaluator(s) may be changed upon notification in writing to the Educator.
 5. Teaching Staff Assigned to More Than One Building: Each Educator who is assigned to

more than one building will be evaluated by the appropriate administrator where the individual is assigned most of the time. The principal of each building in which the Educator serves must review and sign the evaluation, and may add written comments. In cases where there is no predominate assignment, the superintendent will determine who the primary evaluator will be.

- K. Evaluation Cycle: A five-component process that all Educators follow consisting of 1) Self-Assessment; 2) Goal-setting and Educator Plan development; 3) Implementation of the Plan; 4) Formative Assessment/Evaluation; and 5) Summative Evaluation.
- L. *Experienced Educator: An educator with Professional Teacher Status (PTS).
- M. *Family: Includes students' parents, legal guardians, foster parents, or primary caregivers.
- N. *Formative Assessment: The process used to assess progress towards attaining goals set forth in Educator plans, performance on standards, or both. This process may take place at any time(s) during the cycle of evaluation, but typically takes place at mid-cycle.
- O. *Formative Evaluation: An evaluation conducted at the end of Year 1 for an Educator on a 2-year Self-Directed Growth plan which is used to arrive at a rating on progress towards attaining the goals set forth in the Educator Plan, performance on Standards and Indicators of Effective Teaching Practice, or both.
- P. *Goal: A specific, actionable, and measurable area of improvement as set forth in an Educator's plan. A goal may pertain to any or all of the following: Educator practice in relation to Performance Standards, Educator practice in relation to indicators, or specified improvement in student learning, growth and achievement. Goals may be developed by individual Educators, by the Evaluator, or by teams, departments, or groups of Educators who have the same role.
- Q. *Measurable: That which can be classified or estimated in relation to a scale, rubric, or standards.
- R. Multiple Measures of Student Learning: Measures must include a combination of classroom, school and district assessments, student growth percentiles on state assessments, if state assessments are available, and student MEPA gain scores. This definition may be revised as required by regulations or agreement of the parties upon issuance of DESE guidance expected by July 2012.
- S. *Observation: A data gathering process that includes notes and judgments made during one or more classroom or worksite visits(s) of at least 15 minutes by the Evaluator and may include examination of artifacts of practice including student work. Classroom or worksite observations conducted pursuant to this article must result in feedback to the Educator. Normal supervisory responsibilities of department, building and district administrators will also cause administrators

to drop in on classes and other activities in the worksite at various times as deemed necessary by the administrator. Carrying out these supervisory responsibilities, when they do not result in targeted and constructive feedback to the Educator, are not observations as defined in this Article.

- T. Parties: The parties to this agreement are the Northampton School Committee and the Northampton Association of School Employees.

- U. *Performance Rating: Describes the Educator’s performance on each performance standard and overall. There shall be four performance ratings:
 - 1. Exemplary: the Educator’s performance consistently and significantly exceeds the requirements of a standard or overall. The rating of exemplary on a standard indicates that practice significantly exceeds proficient and could serve as a model of practice on that standard district-wide.
 - 2. Proficient: the Educator’s performance fully and consistently meets the requirements of a standard or overall. Proficient practice is understood to be fully satisfactory.
 - 3. Needs Improvement: the Educator’s performance on a standard or overall is below the requirements of a standard or overall, but is not considered to be unsatisfactory at this time. Improvement is necessary and expected.
 - 4. Unsatisfactory: the Educator’s performance on a standard or overall has not significantly improved following a rating of needs improvement, or the Educator’s performance is consistently below the requirements of a standard or overall and is considered inadequate, or both.

- V. *Performance Standards: Locally developed standards and indicators pursuant to M.G.L. c. 71, § 38 and consistent with, and supplemental to 603 CMR 35.00. The parties may agree to limit standards and indicators to those set forth in 603 CMR 35.03.

- W. *Professional Teacher Status: PTS is the status granted to an Educator pursuant to M.G.L. c. 71, § 41.

- X. Reserved

1. Standard 1: Curriculum, Planning and Assessment
2. Standard 2: Teaching All Students
3. Standard 3: Family and Community Engagement
4. Standard 4: Professional Culture
5. Attainment of Professional Practice Goal(s)
6. Attainment of Student Learning Goal(s)

1. Standards: Describes broad categories of professional practice, including those required in 603 CMR 35.03
2. Indicators: Describes aspects of each standard, including those required in 603 CMR 35.03
3. Elements: Defines the individual components under each indicator
4. Descriptors: Describes practice at four levels of performance for each element

AA. *Summative Evaluation: An evaluation used to arrive at a rating on each standard, an overall rating, and as a basis to make personnel decisions. The summative evaluation includes the Evaluator's judgments of the Educator's performance against Performance Standards and the Educator's attainment of goals set forth in the Educator's Plan.

BB. *Superintendent: The person employed by the school committee pursuant to M.G.L. c. 71 §59 and §59A. The superintendent is responsible for the implementation of 603 CMR 35.00.
