

NORTHAMPTON PARKS & RECREATION & NORTHAMPTON CYCLING CLUB

JUNIOR CYCLOCROSS 2023

Grab your bike and helmet and let's go riding! Teaming up with the Northampton Cycling Club, we are excited to bring back our Junior Cyclocross program. Cyclocross combines the skills and action of mountain biking with the speed and power of road cycling. The sport is typically raced on a 1 to 2 mile loop consisting of grass, dirt, trails, pavement, sand, mud, barriers, obstacles, tree roots and hills. This fun and engaging program is great for those looking to learn more on the sport of Cyclocross!
