**FOR IMMEDIATE RELEASE- October 28, 2016**

## Partial Closure of Pulaski Park Beginning Next Week

Mayor David J. Narkewicz announced today that beginning Monday, October 31st a section of Pulaski Park between the stage, deck, and nature play area will be closed temporarily for regrading and sod replacement. Mountain View Landscapes, the phase 1 contractor for Pulaski Park, is carrying out this work to address lawn drainage issues in that section of the park. There will be no pedestrian access through the rear of the park for one week. Pedestrian access should be reestablished the following week and a reduced area of fencing will remain in place until the ground freezes to protect the newly replaced sod. A diagram outlining the temporary closure areas is attached. The City of Northampton requests the public's patience and cooperation during the work.
